Confidentiality

Please treat all the material that is shared with you in the context of the Xt-EHR targeted stakeholder consultation procedure as confidential. If you wish to forward the documents for further feedback from colleagues and relevant experts within your network, you are welcome to do so.

Xt-EHR WP5-9 draft deliverables are shared with a selected group of stakeholders from all participating European countries for comments and feedback, there will be no public announcement and sharing of the documents via public communication channels. Public consultation on Xt-EHR results that are critical for implementation of European Health Data Space (EHDS) regulation will follow later on.

For further information on Xt-EHR, the EHDS and the targeted stakeholder consultation procedure, we would like to refer to the Xt-EHR Stakeholder **Consultation Roadmap Information Package** that was shared with you earlier.
